

The Infrastructure bill for 2022-2033

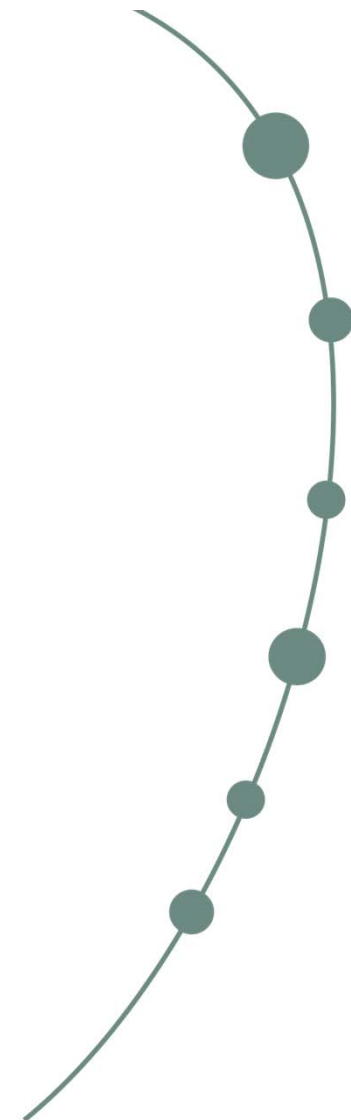

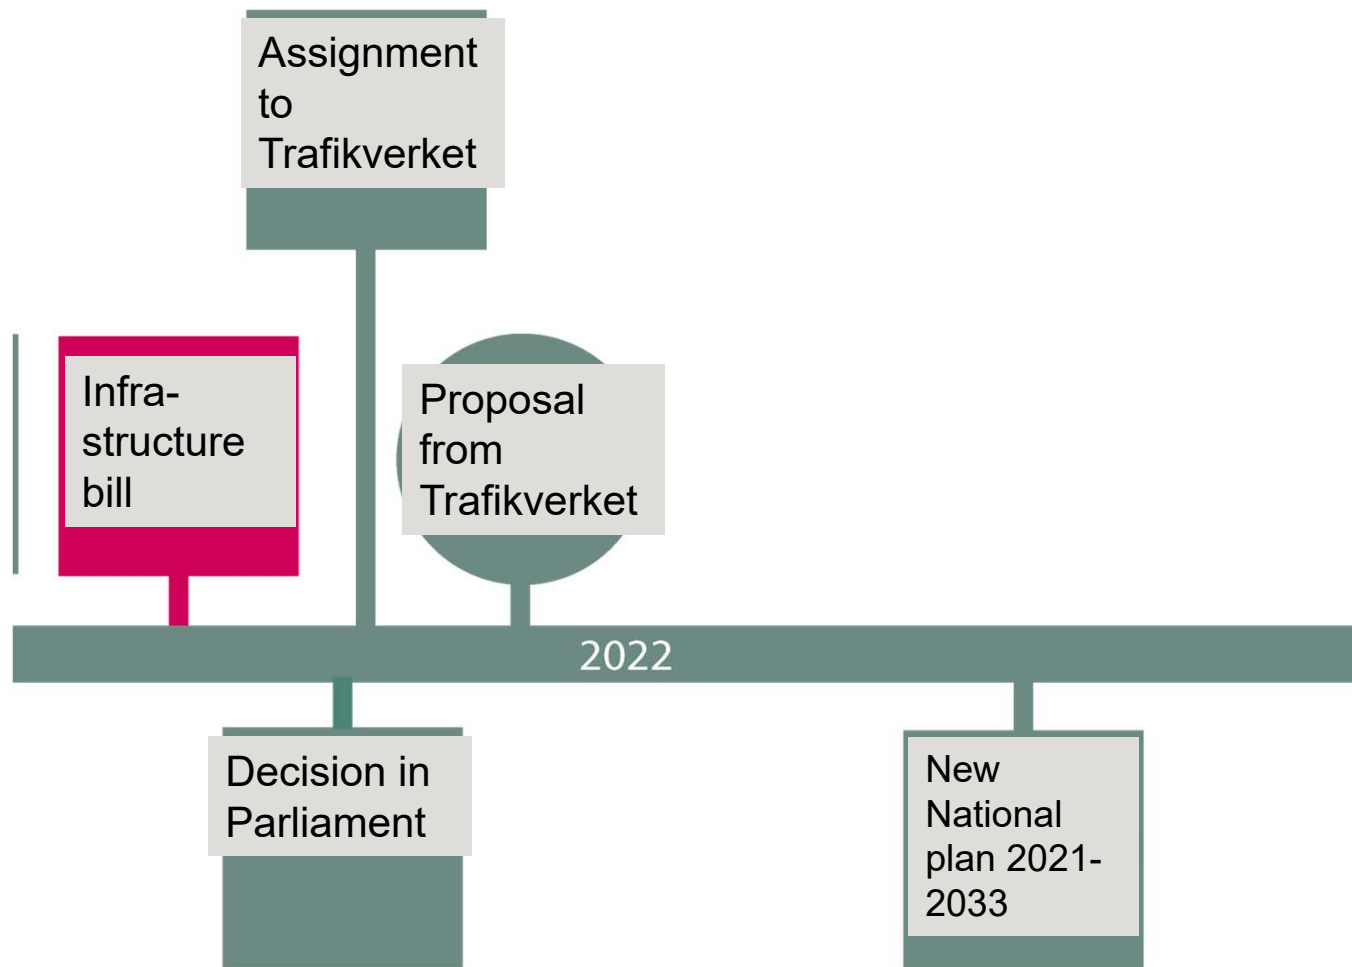

- Decided by the Government 16 april
- Total financial frame: 876 billion SEK.
- Does not include individual investment projects – those comes in the next phase

High Speed Rail in the Infrastructure bill

- New lines for high-speed trains shall be completed so that Stockholm, Göteborg, Malmö and regions as well as cities along and in connection with the new lines are better connected, with modern and sustainable communications.

Process

Thank you!

Niklas Lundin
Ministry of Infrastructure
