

# SCANMED DAY 2026

---

Funded by  
the European Union

The ScanMed Day is a dedicated event aimed at fostering a strategic dialogue on key topics shaping its future development.

The agenda is structured around main thematic pillars:

**Military Mobility**, conceived as an open exchange on the current state of play at European level

**Customer Perspective**, focusing on current and future needs of corridor users and market expectations;

Presentation of the **ScanMed Corridor Strategy** , outlining priorities, challenges and medium- to long-term objectives;

**ERTMS Deployment at European Level**, providing an overview of ongoing developments and future perspectives for interoperability and digitalisation.
